ASPEN *Collection*

COMING SOON

Choose Your Back Panel Style

WOOD

METAL

Your customers will never want to leave the comfort of their seat with our new, luxurious Aspen Collection. Blending modern construction with hip schoolhouse design, the Aspen collection features a carbon gray steel tube frame and a contoured solid walnut seat. Available in a chair, bar stool, or swivel bar stool, the Aspen Collection is also perfectly customizable to fit the look of your restaurant - the ergonomic back of the Aspen can be wood or metal, while the seat is available in the original walnut wood finish or upholstered with one of our many custom vinyl options.

- Designed to blend comfort and style
- 16-gauge metal frame
- Choice of back panel (metal or wood)
- Braced-leg design for added stability

CONTOURED WALNUT WOOD SEAT

Choose a custom vinyl seat for a \$20 upcharge. See our website for a list of vinyl options.

comfortable FLEX BACK

Let customers sit back and enjoy your menu in comfort with Olsen Collection chairs and bar stools! Built for commercial use, this collection has a strong tubular steel frame and wood back and seat. Olsen has a signature curved plywood flex back that cradles your customers, keeping them comfortable as they dine. This collection features two great color options so you can choose the right combination for your interior.

- Wood seat and back
- Flex back design
- Choose your color
- Nylon glides to protect flooring

FIND THE PERFECT MATCH!

Check out our Shaker Gray tables that look great with the Olsen on pages 53-56.

WINSTON *Collection*

unique CONTEMPORARY LOOK

Get stylish industrial design and durability in your furniture with the Winston Collection. These bar stools and chairs are built tough to withstand rigorous use in commercial environments with its solid steel legs. The Winston also features a solid wood seat and back with signature distressed markings. Enhance your restaurant's atmosphere with the new Winston Collection and its signature angled hairpin legs.

- Ergonomic wood seat and back
- Fully welded frame
- Solid tubular steel
- Poly non-marring glides

OSCAR *Collection*

OSCAR-BS-CRBN-BLK

OSCAR-CH-CRBN-BLK

And the award for combining sleek design with rustic industrial touches goes to... the new Oscar Collection! Built for commercial use, this collection has a strong tubular steel frame, angled legs, and plywood seat and back. Choose between carbon gray/black or gunmetal/toasted walnut combinations to find the right style for your restaurant.

- Plywood seat and back
- Choose your color combination
- Additional support bars
- Non-marring glides

INDUSTRIAL ACCENTS

Give your customers an industrial silhouette at your bar or dining tables with the Transit collection. This design puts a spin on the "ladder back" style with wide distressed oak back supports. In contrast, the weathered iron frame and matching nail head accents complete the industrial theme. Let the Transit's distinct look enhance your dining room!

- Side and rear stabilizing bars
- Commercial 16-gauge steel frame
- Fully welded joints
- Distressed oak wood seat and back

UNIQUE FRAME STRUCTURE

Canteen chairs and bar stools put some fun in your restaurant's layout! The Canteen's design has an effortlessly chic weathered iron frame, complete with intricate hairpin legs and a sturdy back panel. The seat and back are made using distressed oak wood that adds a touch of rustic charm to the otherwise sleek, industrial structure.

- Solid oak seat and back with distressed marks
- Reinforced hairpin leg design
- Weathered iron finish
- 16-gauge steel frame
- Artisanal nail heads

EMORYCollection

Modern design comes to life with the Emory Collection! It's right on trend with a rounded silhouette all the way from the top of the frame, down to the legs. The roundness is even mimicked in the laser-cut circle details on the back of the Emory, really playing into the modern look. The Emory features a strong powder coated black steel frame and plywood stained seat. A durable choice for any commercial environment.

- Strong 4-way leg bracing
- Modern design
- Non-marring plastic glides

CARLISLE Indoor or Outdoor

X marks the spot with the Carlisle indoor/outdoor dining chair. This cross back chair can be used in your dining room or out on your patio, thanks to its weather resistant e-coated steel frame. The Carlisle is an adaptable chair that looks great in bistros, breakfast spots, or family-style restaurants.

- Distinctive cross back style
- Distressed black
- 16-gauge steel frame
- Fully welded steel frame
- Stackable

RESTAURANT BOOTHS

Restaurant booths introduce a cozy, more intimate feel to your customers' dining experience. At East Coast Chair & Barstool, all of our booths are made in our Pennsylvania warehouse by on-staff Amish craftsmen. Each booth is crafted with USA-made Naugahyde vinyl that starts out at a 26-ounce vinyl weight (upgrades available) and Leggett & Platt No-Sag® springs and connection wires. Our restaurant booths are easy to clean because of their removable vinyl seats. Each booth comes with a long lasting commercial warranty: 10 years on the structure and 1 year on the upholstery.

Don't quite see what you're looking for? Call us at **1-800-986-5352** and we'll work to create your ideal custom booth seating.

QUICK SHIP VINYL OPTIONS

You won't find a better value for booths anywhere. All quick ship booths are Amish-made in the USA by on-staff craftsmen with quality materials. These booths keep options streamlined and simple so you get your booths with a quicker turnaround time.

43" HIGH x 48" LONG

- 43" high x 48" long

Hand TUFTED BOOTH

Our most luxurious booth yet. The tufted booth is here to add glamour to your restaurant's seating layout. This booth uses a diamond tufting pattern, which is made up of buttons and folds to create the namesake shape on the back of the booth.

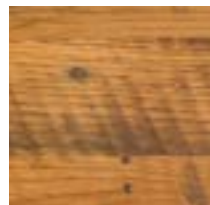

- Stylish seating
- Diamond tufting pattern
- Unique Amish craftsmanship

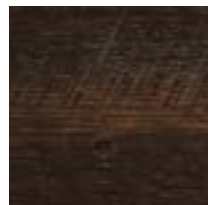

RUSTIC BOOTHS

Stay on trend with our rustic styled booths. Whether you choose reclaimed barn wood, urban distressed wood, or our new Barnside style, these Amish-made booths are sure to add character and warmth to your dining room. Each of our booths is finished in a multi-step process that protects the color and integrity of the wood while ensuring a durable seating option that will elevate the look of your restaurant.

BARNSIDE BOOTH

We've taken the classic weathered barn look to a whole new level with our Barnside booth. The Barnside is made from new wood that is hand distressed to make it look like it's weathered centuries of use in an old country barn. Finished with a distressed bourbon color that highlights the unique characteristics of the wood, the Barnside offers a cozy, comfortable feel to your dining area.

WOOD BOOTH**

ORCHARD BOOTH

One of our most unique and affordable custom booth offerings, the Orchard has a rustic wood base with a vinyl seat and back. These booths have a similar look to our quick ship booths but offer the option to customize your vinyl and wood.

- Available in reclaimed, urban distressed, and our new Barnside style
- Choose from a wide variety of standard and premium vinyls
- Completely finished booth design, front and back

TAVERN BOOTH

The Tavern booth's striking wood structure really does wonders for your dining space. This booth can be made with reclaimed barn wood, urban distressed, or Barnside style so you can choose exactly the look you want with this rustic design.

- Wood trestle frame
- Available in a variety of heights and sizes
- Unfinished back perfect for rustic restaurants
- Mix of metal and wood legs

Cork 1794 - North East, PA

LEESBURG BOOTH

Go industrial with your booth seating with the Leesburg booth. This booth combines distressed wood and clear coated steel for a strong, durable combination that's an easy add to your restaurant's layout.

- Available in reclaimed, urban distressed, and Barnside
- Fully welded frame

NEED A DIFFERENT SIZE, SHAPE, OR COLOR?

Our booths come with many custom options to satisfy your restaurant seating dreams. Every restaurant concept is special and we can create the booth to complement it. The materials that are used to create a booth says a lot about the quality. We have plenty of 26-ounce vinyl options and upgraded options to choose from. If you have a specific color in mind, you can even send us your own vinyl for booths to be made. We offer a variety of heights and widths, as well as different shape options, to make sure the fit is right in your space. To explore all of your customization options, contact our customer care team at **1-800-986-5352**.

Rustic Booths

RUSTIC REVOLUTION

Your dining room furniture tells the story of your restaurant long before the food ever arrives. With a variety of rustic and classic wood table options, our Amish-made solid wood tabletops are the perfect stage for your dining room. Every one of our solid wood table tops showcases the authenticity of a tree's unique grain pattern, weathering of time, irreplaceable knots, and so much more. Our Amish craftsmen carefully work with each top to bring out the best characteristics of the wood, while ensuring durability and commercial strength.

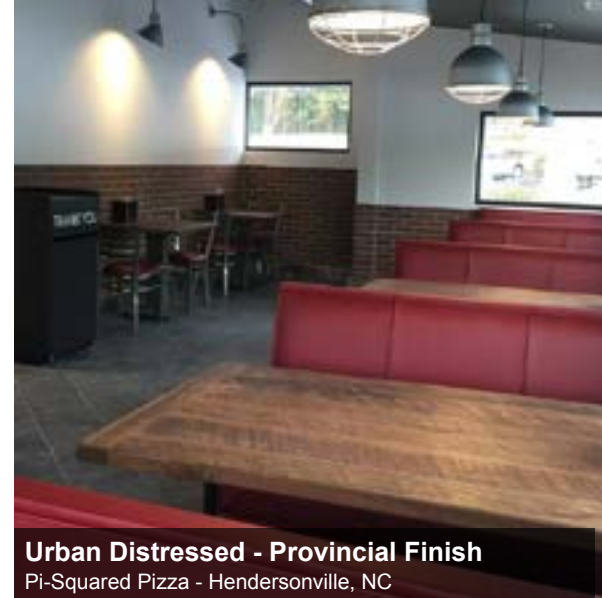

Choose from a wide variety of woods to achieve the look you want, from reclaimed wood with its natural, time-hardened character, to walnut with its rich, dark tones. Also, choose from a variety of edge styles and surface finish options to achieve the exact look you want for your restaurant.

Available Edge Styles

Classic – A traditional table style with bread-board edges, designed to enhance the longevity of your table by providing structural stability.

Live Edge – Features a carefully honed edge designed to show off the unique grain patterns of the wood, and provide a more rustic, natural look.

Plank – A natural cut edge, plank tables have a more finished look than live edge, while also retaining the organic look of the wood throughout.

RECLAIMED TABLE TOPS

Our reclaimed furniture is handcrafted from vintage barn wood by our team of Pennsylvania Amish craftsmen. The barns, which would have otherwise been demolished and sent to the scrapheap, are carefully dismantled, processed, and recut into boards and beams. Each board is selected for its special characteristics like color, knots, and nail holes before being given new life as a beautiful piece of restaurant furniture. From there, each piece of furniture is left as a natural reclaimed finish or given one our proprietary rustic finishes.

URBAN DISTRESSED TABLE TOPS

Looking for new wood that has the rustic charm of reclaimed at a lower price point? Our Urban Distressed collection is ideal for you. Featuring kiln-dried, circular sawn oak wood that has been hand sanded and distressed to exhibit the same characteristics of century old barn wood, each piece in the Urban Distressed line undergoes a three coat custom staining process to keep it looking great for years. We offer three beautiful rustic stain colors: provincial, dark walnut, and ebony. The provincial stain is a light color that best resembles the natural coloring of reclaimed wood. The dark walnut stain accentuates the circular saw marks on the wood and gives it a rich visual depth. If you want an even darker look, our ebony finish is a black stain that showcases the textured surface.

WALNUT LIVE EDGE TABLE TOPS

Our live edge walnut table tops have a rustic character all their own. The color pattern of walnut wood, with its alternating light and dark grains, lends itself perfectly to a live edge style. These tops come with our rustic walnut stain which further accentuates the beauty of the wood, while protecting the surface of the table.

WALNUT PLANK TABLE TOPS

For a traditional finished look with a high-quality grain pattern and rich, dark colors, it's hard to beat our walnut plank tables. Each board has its own unique characteristics that come together into a beautiful table top that is hand-finished by our team of Amish craftsmen.

BARNSIDE TABLE TOPS

Beautiful, rustic, and affordable – our Barnside table tops have it all! These Amish-made tops can completely shake up a restaurant's design because no two table tops are alike. Each top is characterized by a distressed pattern and knots weaving through the wood, each change in texture highlighted by the rich distressed bourbon finish. The tops are sealed with a premium top coat making them easy to clean, even with the distressed markings. While other wood tops can possibly warp or crack with changing weather and humidity levels, our Barnside tops are more resistant to shrinking and swelling. Barnside tops come in a variety of sizes and shapes, to create a cozy atmosphere in your restaurant.

RED OAK PLANK TABLE TOPS

Versatility is the name of the game with our red oak plank tops; they pair well with just about any style, from rustic to modern, depending on the finish you choose. Red oak handles stain very well, and our Amish craftsmen make sure that every table is finished perfectly to bring out the warm charm of the wood without overpowering it.

HICKORY LIVE EDGE TABLE TOPS

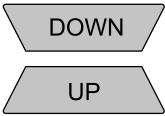

Real hickory wood really shines with a live edge that preserves the integrity and character of the wood. Each of our hickory live edge table tops is carefully cut to maximize the beauty of the wood’s natural grain pattern and knots. We finish these tables with a clear protective coating that not only brings out the various colors of the wood, but also makes them ready for commercial use.

HICKORY PLANK TABLE TOPS

The most rustic of all woods, hickory is used in everything from log cabin furniture to wagon wheels. Our hickory plank table tops are ideal for commercial use due to their toughness, stain resistance, low maintenance, and great appearance. Hickory is known for its unique grain pattern, large knots, and other characteristics that make it one of the most sought after varieties of wood in rustic furniture design.

QUARTER SAWN TABLE TOPS

Quarter sawn wood's superior characteristics come from boards that are being cut perpendicular to the tree's growth rings, producing a unique grain pattern. This labor intense process yields the finest furniture, lined with rays and band saw marks, to give your tables as much character as your restaurant. Our quarter sawn wood is offered in three stains, each carefully formulated and pigmented to bring out the most character in the wood and highlight the unique rays of each board.

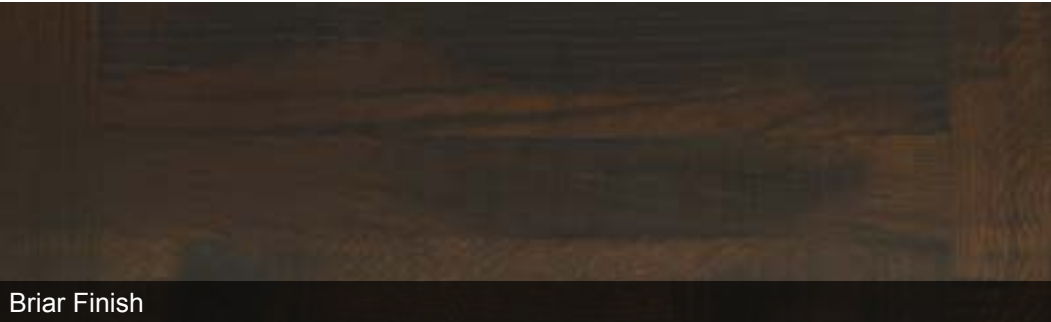

Michael's Cherry is widely used among Amish craftsmen when finishing quarter sawn white oak wood. This stain beautifully highlights the red hues of natural cherry while accentuating the depth and rays of the wood.

Briar is a dark brown blend with special pigments that preserve grain rays in the wood to provide a deeply rustic aesthetic.

Bourbon is a proprietary East Coast Chair & Barstool house blend that is designed to mimic the browns of traditionally stained oak tables and chairs.

BUTCHER BLOCK TABLE TOPS

Butcher block tables are constructed by gluing the face grain together to expose the edge grain on top. This process makes for a harder top surface that is less likely to check or split due to temperature conditions.

MAPLE BUTCHER BLOCK

Maple is a hard wood that has a smooth, subtle grain pattern and barely visible rings. The colors range from light to medium, but color variations are minor compared to some species of wood.

RED OAK BUTCHER BLOCK

Red Oak is one of the most popular species of wood for table tops and other furniture because of its hardness and durability. Red oak has a prominent grain that often appears as an arched pattern.

POLY LUMBER

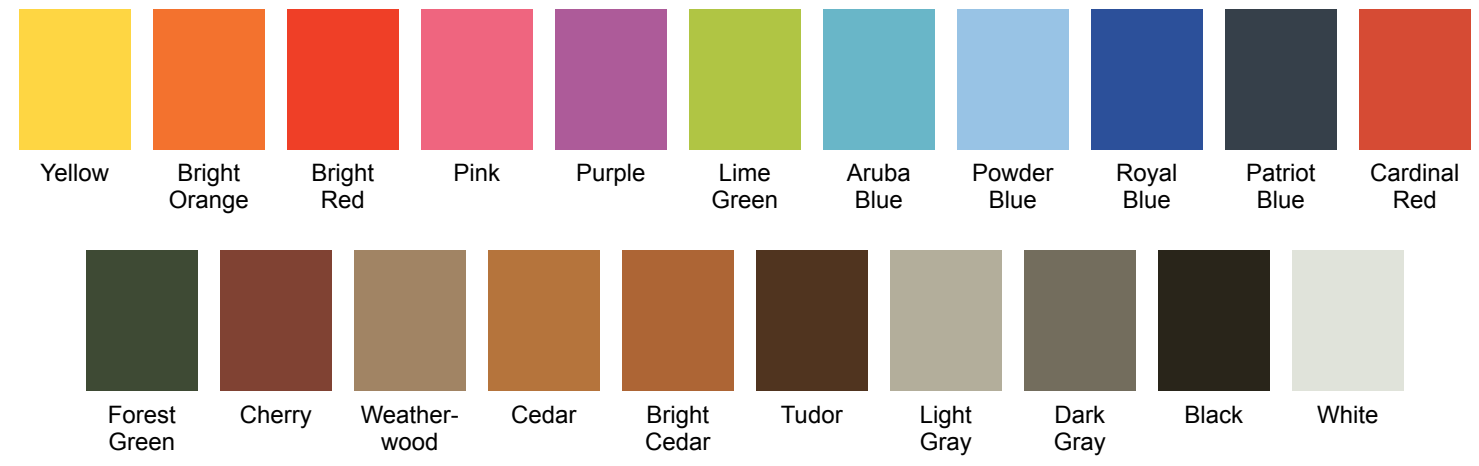

The Many Benefits of POLY LUMBER

Poly lumber is a great material for commercial environments because of its intense durability. Our poly lumber is made from 95% certified recycled materials, making it an eco-friendly option. We can proudly say that each piece is made in the US by on-staff Amish craftsmen.

Poly lumber is also simple to clean, a best-case scenario for bustling restaurants. Using just soap and water or even a power-washer, this furniture can be shined up quickly. Poly lumber doesn't need extra paint, waterproofing, or staining to keep it weather-resistant.

You can find your restaurant's logo colors, or go the more neutral route; there are over 20 colors to choose from! So whether you're looking for your resort, lodge, or restaurant, poly lumber furniture is sure to be a success in your outdoor area.

- Made in the USA
- Will not splint, crack, or rot
- 20+ poly lumber colors to choose from
- Resistant to UV rays, moisture, insects, and mildew
- #316 stainless steel hardware
- Color is throughout boards

TEXTURED WOOD GRAIN COLORS

We are excited to announce that we now offer five textured wood grain poly lumber colors! Whether you prefer a beachy driftwood look or are drawn to a rich walnut brown, our wood grain poly lumber can help you achieve the right wood-inspired patio furniture for your restaurant or bar. Along with a great color selection, these poly lumber colors are still easy to clean and wipe down when it's time to close for the night.

POLY RIDGE

Wilderness Reimagined

NEW FOR 2020

Bring the rustic look of the great outdoors right to your restaurant's patio with the brand new Poly Ridge Collection. Built by on-staff Amish craftsmen, this collection combines a beautiful wood design with the durability of poly lumber. While this collection looks and feels like real wood, it's actually weather-resistant and requires very little maintenance. The Poly Ridge Collection has a variety of deep seating, dining, and lounge styles so you can completely reinvent your patio space.

- Weather-resistant poly lumber
- Log-like extrusions
- Made tough for commercial environments
- Rustic design exclusive to us!

DEEP SEATING

Standard Cushion Colors

Customize your deep seating selection for your restaurant, all the way down to the cushions! We offer 16 stock Sunbrella® cushion fabrics that will match most restaurant outdoor spaces. Custom Sunbrella® fabrics are also available for an upcharge and longer lead time. This cushion's fabric is made from solution-dyed acrylic so you can be confident these cushions are durable and fade-resistant. Mix back and seat cushion fabrics or match them for a more consistent look. Each cushion is warranted against workmanship and material defects for one year. Find your combination today!
